

# LMS for Associations and Nonprofits:

## Grow & engage membership with an LMS

### Summary:

Associations and nonprofits have faced enormous challenges over the past few years. TOPYX® social LMS has been chosen by many associations, large and small, to help them reach their training, collaboration and communication goals. TOPYX provides a best-of-class online platform that is a Software-as-a-Service (SaaS) solution at a **low, fixed cost for unlimited users** to engage and manage geographically separated membership.

### Challenges:

Whether an association or nonprofit is focused on certifications, self-improvement or simply adding value to the lives of its members, knowledge transfer is expected. You are trying to do great things with a limited budget. You need a solution that will help you with one or more of the following:

- 1 Difficulty coordinating geographically separated membership
- 2 Lack of in-house IT staff to leverage new technologies
- 3 Training tools that are time-consuming and inefficient
- 4 Keeping employees / volunteers / members engaged

### Selected Clients

### Quick Fact:

Avoid per user fees! Use an LMS with no per user fees so you can continue to grow your membership and volunteer base without increasing costs.

# TOPYX® LMS is the Right Choice for Associations

## Solution:

We've worked with associations and non-profit groups to develop features just for their needs. Our award-winning platform will give your organization the same advantages that large companies have – at a fixed price that fits your budget. We've helped many groups just like yours to deliver training, manage their message and grow their member base.

- 1 Difficulty coordinating geographically separated membership**  
TOPYX can bridge geographically separated groups by providing an easy-to-use, accessible online platform that is branded to support your message .
- 2 Lack of in-house IT staff to leverage new technologies**  
TOPYX is a fully hosted Software-as-a-Solution (SaaS) solution that does not require any new internal IT burden.
- 3 Training tools that are inefficient**  
Easily share information to the correct people by managing users and group roles so that the right materials are available to the right people, at the right time.
- 4 Keeping employees / volunteers / members engaged**  
Create one central location that your members can access from any location or device as the source of how to share information and access the materials they need.

## Testimonials

"Working with the TOPYX staff has truly been a pleasure. Any question I have I feel comfortable that our project manager will provide us with the best solution. TOPYX software is so inclusive that it allows us to focus on maximizing the tools provided verses trying to figure out what tools we should be asking for."
