We're Here for the Long Haul

∴TOPYX continues to grow with your needs

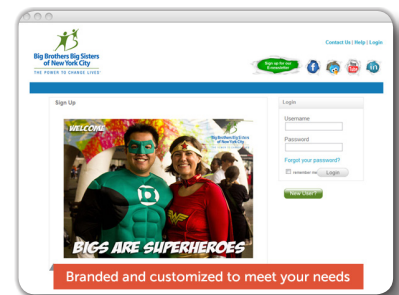

Get the training you need to succeed

Your site comes with initial training and site set-up assistance. You may during this time train as many administration personnel as you wish. We suggest a minimum training of two site administrators. This training time averages 8 - 12 hours usually meeting once a week via a webinar.

Year two and on we are happy to provide six additional hours of assistance; this is included in your yearly TOPYX fee. We recommend the following training schedule on your TOPYX site:

- Two one-hour meetings with each new enhancement release
- Three additional hours of training based on your team needs as needed
- One hour for a yearly site review

If you wish to purchase additional administrator training for a refresher or for new staff members, you may purchase training by the hour at \$125 per hour or a bulk purchase of 10 hours for \$1000.
